

SLK Series**Shur-Lok Access Doors**

Doors are designed for drywall, masonry or concrete construction and provide the security required in today's schools, hospitals, hotels, and correctional institutions.

Door Panel are fabricated from 14 gage, galvanized steel and the door is provided with a 16 gage vertical reinforcement channel.

Frame is fabricated from 16 gage, galvanized steel.

Lock is an automatic springbolt type featuring a precision mechanism. When the door is closed in the locked position, the uniquely designed angled cam lock automatically engages. The key can only be removed when the lock is in the locked position.

Hinge is a concealed continuous stainless steel piano hinge

Finish is a white prime coat suitable for painting.
